室内设计

INSPIRING INTERIORS

NBBJ操刀设计的大楼内，新加坡著名Hirsch Bedner Associates公司由城市悠久历史中汲取灵感进行室内设计，尤其是与火车密不可分的深厚渊源以及这座城市本身的浪漫情怀。设计团队通过在酒店公共空间创造微妙的过渡效果，彰显出这座城市四季分明的气候特点：41层大厅融入了大量冬季元素；会议空间则主要采用了春季代表性的颜色和材料；水疗和健康中心，包括位于38层的室内泳池营造出明快、阳光的夏日氛围；23至36层的254间客房和套房，在打造奢华舒适体验的同时，以火车车厢为设计灵感，营造出秋季的温馨与舒适。

酒店特色餐厅的内部设计由东京知名工作室Strickland操刀，其灵感直接来源于当地历史文化，旨在打造真实而难忘的体验。其中，四葉居日料餐厅将传统花卉和织物墙壁艺术以充满现代感的方式进行陈列装饰；玺玥轩采用火红配色，让宾客在优雅氛围中品享经典粤菜；而荟海餐厅则采用了欧式风格，给人以热闹非凡的感觉。

With humble beginnings as a fishing village on the Liaodong peninsula, the city first became a port around the turn of the last century, connecting people and goods by rail and boat from northern China, Russia, Japan and beyond. Today, Dalian has emerged as an important hub of business, industry, science and transportation in the region, and, thanks to its rich multi-cultural history and myriad recreational opportunities, it continues to grow as leisure destination.

It's this history that inspired the NBBJ Shanghai-designed building's interiors by acclaimed international firm Hirsch Bedner Associates of Singapore. The design concept for Four Seasons Hotel Dalian draws inspiration from the rich historical tapestry of the city, particularly its deep-rooted connection with trains and the romantic allure associated with Dalian. The team further played on the idea of the city's four distinct seasons in creating subtle transitions through the Hotel's public spaces, beginning with elements of winter in the 41st floor lobby, through a spring colors and materials palette in event spaces, to a bright and sunny ambiance in the spa and wellness centre, including its stunning indoor pool on the 38th floor. Finally, autumn's warmth and earthy colors creating a feeling of luxurious comfort in the Hotel's 254 guest rooms and suites on the 23rd to 36th floors.

Subtle design elements evoke the romance of train travel, from track-like graphics embedded in the lobby's marble flooring and bespoke woven carpets in the guest rooms, to softly curved ceilings in the grand ballroom and framing guest room views that suggest a private sleeping car racing through the countryside. Large-scale commissioned artworks throughout – including a series of showstopping lighting elements – further reflect Dalian's diverse landscape and the incredible views in every direction.

The interiors of the Hotel's signature restaurants were conceived by Tokyo-based Strickland, which drew inspiration directly from the city's history and culture to create authentic and unforgettable experiences. This includes the traditional florals and fabric wall art in the modern setting of Japanese restaurant Yotsuba; the fiery red colour scheme that sets an elegant stage for classic Cantonese cuisine at Saai Yue Heen; and the bustling, European-influence market vibe of HUIHAI.

水疗中心
SPA

大连四季酒店水疗是一个融合了当地文化且独具风格的城市水疗中心。

奢华的氛围以“火车之旅”作为酒店的主要背景，并巧妙地将水疗氛围融入整体设计理念。

我们从春夏秋冬4个不同的幸福目的地出发，从春之花的旺盛生命力，夏之宝石的生机勃勃，

秋之谷物的平衡，冬之海洋生物的无穷力量，启发和塑造了水疗的概念方向。

The Spa at Four Seasons Hotel Dalian is an exclusive urban spa that blends novelty with local culture.

The luxurious ambience takes the “train journey” as the main scenery of the hotel and cleverly integrates the Spa atmosphere

into the overall design concept, where we inspired and created our Spa’s concept direction with different seasons

Spring, Summer, Autumn, and Winter, 4 different blessedness destination by vigorous spring’s, vibrant of summer’s gemstone,

balance of autumn’s cereal, and the endless power of winter sea creatures.
