# St. Regis Rituals

## Signature Brand Experiences

# Champagne Sabering

The art of sabrage has an illustrious history that stretches back more than 200 years. The practice is most commonly associated with Napoleon Bonaparte, who famously opened champagne with his saber, savoring it in victory and defeat.

Often performed by St. Regis butlers, the evening ritual continues to bring guests together at sunset, to celebrate and to ceremoniously welcome new St. Regis hotels to the portfolio.

# Afternoon Tea

New York Grande Doyenne Caroline Astor, or “The” Mrs. Astor, the mother of the St. Regis founder, who elevated Afternoon Tea to a new level by introducing the ritual at dignified gatherings – an exhilarating prelude to her more noteworthy formal social events.

Every afternoon, get pampered with our traditional St. Regis Afternoon Tea at The Drawing.

# Bloody Mary

In honor of the creation of the Bloody Mary cocktail over 80 years ago, each hotel and resort in the St. Regis portfolio has crafted its own unique, local interpretation of the classic cocktail.

The Mary Jing, served exclusively at The St. Regis Shanghai Jingan, is inspired by both history and flavors of Shanghai. It features unique Shanghai spices and local ingredients such as dried preserved figs infused in Vodka and dried Osmanthus flowers, which are known sweet scent and flavor.
